NEWS OF WOMEN OF THE MOOSE

Torrance Chapter No. 44, Women of the Moose, will hold a regular business meeting Wednesday evening, Feb. 13, at Moose Hall, 1951 Carson st.

Mrs. Marjorie Marsh will open her home at 707 Cota ave. for a pot-luck supper to be held at 6:30 o'clock Wednesday, Feb. 20. Members are asked to take their "Secret Pal" presents.

Signed: Peggy Peck, Publicity chairman

March Of Dimes Here May Make New Record

Contributions to the annual March of Dimes in Torrance have passed the \$1200 figure, and considerable money still is to be accounted for, according to Postmaster C. Earl Conner, chairman of the annual drive. The drive will continue until Feb. 15, he said, although it was supposed to end Jan. 31.

It appears, Conner said in thanking the community for its support, that the contributions this year will be the largest amount ever collected in Torrance for the annual drive against infantile paralysis.

He also expressed his appreciation to many local high school students and others who aided in the drive. They include Mrs. Edith White, Thelma Friberg, Bonnie Friberg, Wilma McBride, Gayle Raymond, Pauline Leetz, Pauline Snow, Mary Shultz, Mary Nelson, Betsy Morgan, Margaret Rose, Olwyn Richards, Burma Morris, Jean Lovelady, Marlin Hami.

Climate Here Results In Lower Building Costs

Southern California's year-around mild climate is credited with reducing local construction and maintenance costs more than 20 per cent below other large metropolitan areas in an FHA report, based on nationwide surveys.

The construction figures are based on comparable types of residential building throughout the country. In addition, typical factory construction in Southern California makes possible building more plant capacity per dollar of investment than in other parts of the country, through use of smaller heating plants, less need for air conditioning, and use of inexpensive materials found adequate in this area, the reports state.

Office buildings cost 22 per cent less to maintain and service in 1944 than the average for all cities in the North Central, New England and Mid-Atlantic states, according to data compiled.

State Explains Unemployment Insurance Law

The California Unemployment Insurance Act was amended at the last session of the legislature to cover employers of fewer than four workers. These smaller employing units previously had been exempt. Beginning January 1, 1945, the law applies to all employers employing one or more individuals, and of course, to their employees. With very minor exceptions, the State Unemployment Insurance Act now covers the same employers and employees as are subject to the Federal payroll tax for Old Age and Survivors Insurance under the Social Security Act.

The State Department of Employment sent notices of registration to all employers known to it to be affected by this change. Any who received this notice or registration will not be required to register with the Department and will receive blank quarterly returns at the end of March.

Any employing unit employing one or more workers who did not receive one of the notices or registration or who is not already registered with the Department either on a voluntary or compulsory basis should get in touch with the nearest Audit Office of the Department and fill out a registration form.

MacDonnell Gets Okay For Assembly Race

Pat MacDonnell, secretary of the Gardena Valley Chamber of Commerce, has the permission of his board of directors to become a candidate for assembly in the 87th district. MacDonnell announced that he intended to become a candidate on the Republican ticket.

Clayton Dills, of Gardena, the present assemblyman, has been twice elected to the post and is a Democrat.

MacDonnell is also president of the Harbor District Chambers of Commerce and has for many years been active in Lions club circles in which he has served as president of the Gardena club and also as deputy district governor. He has a wide acquaintance throughout the district.

Several of the directors expressed the opinion that MacDonnell, because of his experience in civic affairs would, if elected, be of great value to the district in representing it at Sacramento.

Aides Gave Much Time To Health Clinics

During 1945 American Red Cross Nurse's Aides gave 2,717 hours assisting Los Angeles county health department clinics and conferences, Dr. H. O. Swartout, health officer, announced following the year's check-up in the health districts.

Throughout the war years with their shortage of graduate nursing personnel, the service given the County health department by the Aides has been invaluable, he said.

Although the Red Cross is continuing with the service for veterans', children's and orthopedic hospitals, and public clinics, additional aide assistance is needed, the health officer reported. In nearly every neighborhood Well Baby conferences are held where clerical as well as nursing help could be used in the County health department's efforts to keep well babies well.

if you destroy a milk bottle you destroy your milk supply!

The situation is this: For every milk bottle that is lost or destroyed . . . someone is deprived of a bottle of milk!

And for the very simple reason that with increased population and increased milk production has come NO increase in milk bottle manufacture! **FRANKLY, TWO MILK BOTTLES ARE BEING LOST OR DESTROYED FOR EVERY ONE MADE TODAY!**

Your help is needed to save your own milk supply. Idle milk bottles must be put back in service . . . every one must be protected and returned for "refills" . . . no matter whose name is on the bottle.

We know you will help . . . thanks!

Mayfair Creamery
TORRANCE

YOUR GROCER IS DOING A GRAND JOB IN SAVING YOUR MILK SUPPLY BY COLLECTING AND RETURNING EMPTY MILK BOTTLES. IF A MILKMAN DOES NOT CALL AT YOUR HOME, PLEASE TAKE ANY EMPTY BOTTLES TO YOUR GROCER. HE WILL GLADLY ACCEPT THEM WHETHER OR NOT HE REGULARLY SELLS THAT PARTICULAR MILK OR NOT. THANKS A MILLION.
